IN THE-USPTO

Appn. Number : 10/021,656

Appn. Filed : 12-12-2001
Applicant : Gary C. Johnson
Title : Johnson-positive action continuous traction (p.a.c.t.), differential
Art Unit : 3681

AMENDMENT to the AMENDMENTS of; 11-12-2004

The following Amendments are requested:

(1) Replace the forth paragraph of page D-03 of; the “DETAILED DESCRIPTION THE INVENTION” with the following paragraph.

“The said new differential is designed to automatically go into a gear-locking effect / mode. The above said axle section of axle 10; being / beginning at 0 rpm. Herein; the gear / gears 15 / 16; being stationarily rotative. Therefore the gears 7 , 6 and 12, are caused / forced to rotate at the same rpm as the drive case 8. Thus preventing rotation of the gear / gears 13 / 14, on their respective shafts 3 / 4. Therein also preventing the independent rotation ability of gear 11, and it’s axle section / axle 10. Herein both axle sections, are forced to rotate at the same speed as case 8”.

(2) Delete the first paragraph of page D-04 of; the “DETAILED DESCRIPTION OF THE INVENTION” (it is a duplicate paragraph).

The said paragraph to be deleted begins with; “The said new differential is designed to automatically go into ...”, and ends with; “... are forced to rotate at the speed as case 8”.

(3) I, again request; renumbering of my (new) Claims 9 and 10, by; page adjustment, and / or the aggregated listing of the “cancelled” Claims.

(4) I request immediate action of the above, due to the fact that, my application is in it’s “third” Office Action (see; MPEP 707.02 [“Special” status]). Furthermore, my application is (erroneously) deemed; “ABANDONED”, it is in; the “Notification of Abandonment” stage.
